Dear Sir:

We wish to strongly state our **opposition** to the proposed replacement of Part 90 by Part 88.

The above matter may help solve some problems of the large Metropolitan areas, but it can only hurt the rest of the United States operating under Part 90. It would have staggering effects on not only my business and income but on that of our customers' businesses and on the

1. a) We would lose the bulk of our customers because there are presently no additional sites available to cover these areas, and the cost of developing one (if available) is out of reach.

b) Public safety would be directly influenced, the agencies which handle the emergencies in these outskirt areas may lose communications for good.

c) Contractors of all types and business in general, would be effected, both by safety and dollars, the time needed to find the nearest phone costs money and possibly a life in an emergency.
